CONTENTS

Experimental Fluid Mechanics

- V.K. Chidambaran, Mean velocity characteristics of plane diffuser flows with 79
P.A. Aswatha Narayana inlet velocity distortion
and N.V. Chandrasekhara
Swamy

Fracture Mechanics

- S.K. Bhagawat, Photoelastic determination of Mode I stress intensity factor 95
N. Srinivasa Murthy and
V.S. Patil

Short Communications

Mineral Beneficiation

- M. Ravindram A new low temperature process for coal desulfurization 103

- Book Reviews** 109
