

**Journal of the Indian Institute of Science  
Bangalore 560 012 India**

Volume 66

March 1986

Number 3

**CONTENTS**

***Operator Theory***

- N.K. Chakravarty and Swapna Roy Paladhi      On the spectral resolution of a differential operator II      127

***Analytical Chemistry***

- J.R. Mudakavi and Y.S. Ramaswamy      Extraction - spectrophotometric determination of traces of mercury(II) with bromide and rhodamine 6G      155

***Lubrication***

- H.H. Abou El Naga, W.M. Abd El Azeim, Zanib Fathy and Saad H. Ibrahim      Some styrene alkyl-methacrylate copolymers as viscosity index improvers      163

- Theses Abstracts**      171

- Book Reviews**      181
