

**Journal of the Indian Institute of Science
Bangalore 560 012, India**

Volume 68

March–April 1988

Numbers 3 & 4

CONTENTS

Experimental Fluid Mechanics

- B. H. Lakshmana Gowda Influence of ground clearance on the forces on a three-dimensional bluff body 79

Reinforced Concrete

- Prakash Desayi and K. U. Muthu A brief review on strength, deflection and cracking of rectangular, skew and circular reinforced concrete slabs 91

- Prakash Desayi and K. U. Muthu Membrane analysis and load-deflection behaviour of isotropic simply supported reinforced concrete circular slabs 109

Short Communications

Atmospheric Science

- S. Sivaramkrishnan, K. G. Vernekar and Brij Mohan Experimental determination of sensible heat flux over a complex terrain by eddy correlation programme 129

Instrumentation

- C. Rameshu and A. P. Shivaprasad A printed copper resistance thermometer for measurement of air temperature 137

- IISc Theses Abstracts** 143

- Book Reviews** 159
