

**Journal of the Indian Institute of Science  
Bangalore 560 012, India**

*Volume 68*

*May-June 1988*

*Numbers 5 & 6*

**CONTENTS**

**Differential Equations**

- N. K. Chakravarty      On the asymptotic formulae for the spectral matrix of a differential operator      167

**Analysis**

- S. K. Das and  
A. G. Das      Generalized Laplace Stieltjes integral      185

**Communication**

- M. Jayaram      Prediction and entropy of printed Kannada      199

**Short Communications**

**Environmental Chemistry**

- V. Krishnasamy and  
K. Ayyadurai      Estimation of mercury content in water, soil, fodder and animal tissues      207

**Elasticity**

- H. T. Rathod      Explicit stiffness matrices of the serendipity rectangular elements for linear plane elastic continuum      213

- IISc Theses Abstracts**      223

- Book Reviews**      235
