

Journal of the Indian Institute of Science  
Bangalore 560 012, India

Volume 69

January-February 1989

Number 1

Special Issue on Nucleic Acids

CONTENTS

Preface		1
Ratna Nandi, Nicolas Vogt, Abderrahim Rahmouni, Bernard Malfoy and Marc Leng	Antibodies to unusual DNA structures	3
D. G. Glitz, L. Lasater, L. Montesano, P. Cann and H. M. Olson	Antibody probes of RNA structure in the ribosome	13
Rodger G. Smith, Dean W. Ballard, Peter R. Blier, Patty E. Pace, Alfred L. M. Bothwell, James N. Herron, Allen B. Edmundson and Edward W. Voss, Jr	Structural features of a murine monoclonal anti-ssDNA autoantibody	25
R. K. Mandal, Prasun Datta and Utpal Datta	A highly repeated DNA sequence in the fish <i>Cyprinus carpio</i>	47
Henry Paulus and Nai-Yong Chen	Structure and expression of the overlapping genes for the subunits of <i>Bacillus subtilis</i> aspartokinase II	55
N. Sarkar, J. Taljanidisz, P. Karnik, P. Shen and Y. Gopalakrishna	3'-Terminal polyadenylation of mRNA in procaryotes	65
Eri S. Srivatsan, Brijesh C. Misra, Ashutosh Banerjee and Subal C. Chattopadhyay	Molecular and functional evidence for the presence of a tumor-suppressor gene on human chromosome 11	73
D. S. Pradhan, S. D. Desai, K. G. Chetty and K. Pasupathy	Replication and repair of mitochondrial DNA of <i>Saccharomyces cerevisiae</i>	89
Lavanya Moses and Anandaraj M. P. J. S.	Membrane $Ca^{2+}Mg^{2+}$ -ATPase activation by calcium-activated neutral protease (CANP) in conditions where there is elevated intracellular $Ca^{2+}$ : An insight from erythro- cytes of Duchenne muscular dystrophy (DMD)	97
<b>HSc Theses Abstracts</b>		107
<b>Book Reviews</b>		113
