

AVAILABILITY OF INDIGENOUS VEGETABLE OILS FOR INTERNAL COMBUSTION ENGINES IN INDIA*

BY K. MAHADEVAN, B.E.

(Lecturer, Department of Internal Combustion Engineering, Indian Institute of Science, Bangalore-3)

PRODUCER GAS AS A FUEL FOR PETROL DRIVEN VEHICLES*

BY A. V. SREENATH, B.E., A.M.I.E.

(Lecturer, Department of Internal Combustion Engineering, Indian Institute of Science, Bangalore-3)

RESOURCES OF LOW-GRADE COALS IN INDIA

BY M. A. TIRUNARAYANAN, B.Sc., B.E.

*(Research Assistant, Department of Internal Combustion Engineering,
Indian Institute of Science, Bangalore-3)*

NOTE ON A WEATHERED MINERAL

BY N. R. SRINIVASAN

(Department of Metallurgy, Indian Institute of Science, Bangalore-3)

**AN APPROXIMATE THEORY OF THE CAVITY
RESONATOR METHOD OF DETERMINING
THE DIELECTRIC LOSS OF SOLIDS
AT MICROWAVE FREQUENCIES**

By S. K. CHATTERJEE, M.Sc., M.I.R.E.*

**NEW HIGH VOLTAGE LABORATORY,
INDIAN INSTITUTE OF SCIENCE**

By DR. G. K. M. PFESTORF AND D. J. BADKAS

**SOME PERTURBATION EFFECTS IN MICROWAVE
CAVITIES OPERATING IN DEGENERATE MODES**

BY S. K. CHATTERJEE, M.Sc.*

MICROWAVE CAVITY RESONATORS AS CIRCUIT
ELEMENTS

By S. K. CHATTERJEE,* M.Sc.

PRODUCTION OF STANDARD WAVES WITH A
3000 kV IMPULSE GENERATOR

By N. NARAYAN AND K. S. PRABHU

THE PRIMITIVE MACHINE OF KRON

By C. S. GHOSH AND P. VENKATA RAO
