

CONTENTS

	PAGE
Molecular Model for Localised Modes in Cubic Crystals. <i>T. M. Haridasan and N. Krishnamurthy</i>	1
Group Theoretical Analysis of Lattice Vibrations in Caesium Bromide. <i>R. S. Katiyar, N. Krishnamurthy and R. S. Krishnan</i> ..	13
A Theoretical Analysis of the Source-Excited Electromagnetic Fields. <i>(Miss) B. V. Rajeswari and S. K. Chatterjee</i> ..	21
Prediction of Entropy of Vaporization of Inorganic Gases. <i>T. R. Das, S. H. Ibrahim and N. R. Kuloor</i> ..	28
Investigations on Corrugated Surface Wave Line. <i>(Miss) H. M. Girija and S. K. Chatterjee</i>	38
Prediction of Saturated Liquid Densities of Hydrocarbons. <i>T. R. Das, S. H. Ibrahim and N. R. Kuloor</i> ..	46
Heat of Formation (ΔH_f^0) of Hydrocarbons and related Compounds at different Temperatures. <i>T. R. Das, S. H. Ibrahim and N. R. Kuloor.</i>	60
Some Investigations on Dielectric Rod Aerial Excited in mixed HE_{11} and E_{01} Modes. <i>(Mrs.) R. Chatterjee, Sqn. Ldr. V. Balasubramanian and S. K. Chatterjee</i>	77
A Two-Dimensional Array Absorber for Microwaves. <i>S. K. Chatterjee, Sqn. Ldr. H. Kaushal and (Mrs.) R. Chatterjee</i> ..	103
