

**Journal of the Indian Institute of Science**  
**Bangalore 560 012, India**

*Volume 75*

*November–December 1995*

*Number 6*

**Contents**

**Duct Acoustics**

M. L. Munjal

Analysis of an active noise control system with several loudspeakers spread along the axis of the duct 651

**Groundwater Modelling**

R. Sripathi Reddy and  
M. S. Mohan Kumar

Comparison of conjugate gradient methods and strongly implicit procedure for groundwater flow simulation 667

**Polymer Chemistry**

Rajesh Trehan  
G. L. Kad and  
Krishan Lal

Thermal and spectroscopic studies on cellulose and its organophosphorus derivatives 683

**Short Communications**

**Spermatogenesis**

Geetha K. Rao and  
Katre Shakuntala

Studies on the spermatogenesis of two Indian freshwater brachyurans 693

**Lake Ecology**

I. A. Wani and  
B. A. Subla

Changes in rotifer abundance and composition in two lakes in the Kashmir Valley (Himalayas) 699

**Riemannian Geometry**

U. C. De and  
D. Kamilya

Hypersurfaces of a Riemannian manifold with semi-symmetric non-metric connection 707

**IISc Theses Abstracts**

713

**Book Reviews**

737
