

JOURNAL OF THE INDIAN INSTITUTE OF SCIENCE

Volume 60, 1978

SECTION B

Title Index

- Axisymmetric bending of uniformly stressed annular plates with variable rigidity
A. DE AND S. BASULI 119
- Bivariate Laplace transforms for some H-functions
B. L. MATHUR 79
- Forced torsional vibrations of inhomogeneous poroelastic cone
MD. THAJUDDIN 99
- Hybrid propellant systems—a review
K. KISHORE AND B. K. CHATURVEDI 285
- Infrared remote temperature measurements: its physics with reference to complexities, approximations and limitations involved. I—Conceptual considerations and surface temperature estimation
RAJENDRA KUMAR GUPTA 135
- Infrared remote temperature measurements: its physics with reference to complexities, approximations and limitations involved. II—Temperature profile retrieval
RAJENDRA KUMAR GUPTA 253
- Inhomogeneous thermopiezoelectric problem
AMARENDRA DAS AND ANIMESH RAY 55
- Integrable-square solutions of certain vector-matrix differential equations
PRABIR KUMAR SEN GUPTA 235
- Investigation of the utility of some minerals of Indian origin in radioactive waste treatment
SATYA BRAT 29
- Investigation of the utility of chemically treated indigenous minerals in radioactive waste treatment
SATYA BRAT 185
- A note on the thermal buckling of a thin annular circular plate of variable thickness
P. K. JHA 129
- A novel ring enlargement reaction: synthesis of 6, 7-benzo-2-phenyl-2, 4-bisazacycloheptane-1, 5-dione
S. R. RAMADAS AND K. NARAYANAN 195
- On a self-adjoint extension of a type of a matrix differential operator
PRABIR KUMAR SEN GUPTA 225
- p*-nitroso arylamines as reagents for the spectrophotometric determination of palladium
P. K. GUPTA 177
- Reactions of ketones on oxide surfaces. III—Influence of the porous texture of the catalyst
P. GANGULY 21
- 303

- Reduction of cadmium(II) in presence of mixed ligands at D.M.E.
P. D. JHADHAV, D. G. DHULEY AND R. A. BHOBE 1
- Relationship between solar magnetic sectors and mesospheric temperatures at Thumba
R. SESHAMANI AND S. RAMAKRISHNA 47
- Sector problem with arbitrary loads on the edges
S. C. GUPTA 107
- Solution of certain simultaneous multiple integral equations involving inverse Mellin transforms
K. N. SRIVASTAVA, R. M. PALAIYA AND ARATI CHOUDHARY 199
- Spectrophotometric studies of copper-streptomycin complex and determination of streptomycin sulphate using an auxiliary ligand
J. K. AGRAWAL, S. G. HARMALKAR, AND R. VIJAYVARGIYA 9
- Steady flow through a porous region contained between two cylinders
V. NARASIMHACHARYULU AND N. CH. PATTABHI RAMACHARYULU 37
- Steady flow in a porous region between two slowly rotating spheres
V. NARASIMHACHARYULU AND N. CH. PATTABHI RAMACHARYULU 247
- Theory of a stable ion source discharge
R. JONES 71
- On the theory of transforms associated with eigenvectors (II)
S. TIWARI 85
- On the theory of transforms associated with eigenvectors(III)
S. TIWARI 207
- Thermal decomposition of a mixture of barium and titanyl oxalates
H. S. GOPALAKRISHNA MURTHY, M. SUBBA RAO AND T. R. NARAYANAN KUTTY 15
