

# Journal of the Indian Institute of Science

---

Vol.No.5

1922

---

## Table of Contents

Studies in Acidolysis: I. The Equilibrium between Acetic Acid, Trichloroacetic Acid and their Ethyl Esters. II. The Equilibrium between Acetic Acid, Trichloroacetic Acid and their Methyl Esters. <i>J. J. Sudborough and D. D. Karré</i>	1-21
An attempted synthesis of Norpinic Acid <i>Kanai Lal Ganguly</i>	23-28
Experiments on the Influence of <i>s</i> -Trinitobenzene on reactions in which Arylamines are involved. <i>J. J. Sudborough and R. C. Shah</i>	29-35
The Oleo-resin from <i>Dipterocarpus indicus</i> <i>J. C. Mansukhani and J. J. Sudborough</i>	37-45
The relation between the Iodine values and refractive indices of some hardened vegetable oils. PART I. <i>J. J. Sudborough, H. E. Watson and D. Y. Athawale</i>	47-69
Performance of three-phase Induction motors on unbalanced voltages. <i>S. V. Ganapati and R. G. Parikh</i>	71-82
The Production of Barium salts from Barytes. <i>G. M. Adhikari, J. J. Sudborough and H. E. Watson</i>	83-105
Some experiments in the use of Antiseptics in the manufactures of Glue and Gelatine. <i>Gilbert J. Fowler, Kalyan C. Srinivasan and V. S. Chinnaswami</i>	107-118
Oil splitting by Castor-seed Lipase <i>J. J. Sudborough and H. E. Watson</i>	
Part V. The splitting of Crude and Refined oils by Lipase. <i>D. Y. Athawale, Ittyerah Joseph, K. R. Rama Iyer, S. Palaniyandy Pillai and K. R. Narayana Iyer</i>	119-122
Part VI. Experiments on Oil-splitting by Castor-seed Lipase with Manganous Sulphate as Activator. <i>Ittyerah Joseph</i>	123-132

Some west coast Vegetable oils. <i>Ittyerah Joseph and J. J. Sudborough</i>	133-156
Utilisation of Tamarind <i>F. Marsden</i>	157-162
West Australian "Sandalwood Oil." <i>B. Sanjiva Rao and J. J. Sudborough</i>	163-176

CONTINUED

## Contents.

				PAGE.
I.	Sources of Caffeine	....	....	177
II.	General methods of extraction	....	....	179
III.	Methods of analysis	....	....	181
IV.	Extraction with water	....	....	181
V.	Solubility of Caffeine	....	....	190
VI.	Distribution of Caffeine between fluff and solvents	....	....	192
VII.	Decomposition of Caffeine by alkalis	....	....	195
VIII.	Extraction experiments	....	....	197
IX.	Larger scale extraction experiments	....	....	201
X.	Purification of the extracted Caffeine	....	....	205
XI.	Extraction of Caffeine with superheated steam	....	....	205
XII.	Summary	....	....	206
