	PAGE
Compressive boundary layer on a yawed semi-infinite flat plate with suction and injection. (G. C. Ahuja)	65
Gravitational instability of an infinitely extended layer of finite thickness surrounded by non-conducting material in the presence of magnetic field and rotation. [(Miss.) C. Uberoi]	11
Gravitational Instability in the presence of Hall Current. [(Miss) C. Uberoi and M. R. Raghavachar]	91
Microflora associated with the Rhizosphere of calotropis gigantea. (A. D. Agate and J. V. Bhat)	1
Modified Electrostatic Method for calculation of Induction in Molecules. (Sundaresa S.)	20
Potential Analogue Method for study of the Fields and the Characteristic impedance of Bar lines. (K. C. Gupta)	104
Pumpless diesel injection systems. (K. Narayanaswamy and M. V. Narasimhan)	29
Unsteady motion of non-newtonian fluid in the annular space between two porous concentric circular cylinders. (D. K. Mohan Rao) ..	57
