

**Journal of the Indian Institute of Science
Bangalore 560 012, India**

Volume 74

November–December 1994

Number 6

CONTENTS

Elasticity P. K. Chaudhuri and Subhankar Ray	Penny-shaped crack in a non-homogeneous solid under torsion	727
Wave Motion Sudeshna Banerjea	On wave motion due to rolling of a submerged thin vertical plate	741
Neutrino Astrophysics B. K. Pal	New vistas in neutrino astrophysics	753
Short Communications		
Elasticity Amarendra Das and Karthik Chandra Santra	Stresses and voltage developed in a non- homogeneous piezoelectric bar due to torsion	771
Biochemistry Sucheta Sharma and H. M. Dani	Interference in the binding of ribosomes to reticular membranes by tannic acid	777
IISc Theses Abstracts		781
Book Reviews		843
