

## CONTENTS.

---

	PAGE
Part I.—Some Peculiar Low-Lying Soils of Central Travancore. By T. R. Narayana Pillai and V. Subrahmanyam ...	1
Part II.—Formation of Heterocyclic Compounds from Ethyl Carbothoxythiocarbamate. By Praphulla Chandra Guha and Shanker Rao A. Saletore ...	11
Part III.—Petrol-Water Emulsions. By C. Varadhan and H. E. Watson ...	21
Part IV.—I. Studies on Dextrins. Part I. Action of Amylase from Cholam ( <i>Sorghum Vulgare</i> ) on Potato Starch. By Vinayak Narayan Patwardhan. II. Amylase from Ragi ( <i>Eleusine Coracana</i> ). By V. N. Patwardhan and Nuggihalli Narayana ...	31
Part V.—Soil Survey of the Nalkantha District (Limbdī State) and its Significance. By C. V. Ramaswami Ayyar ...	43
Part VI.—Dilatometric Studies in Enzyme Action. By M. Sreenivasaya and B. N. Sastri ...	57
Part VII.—I. Studies in Neutral Salt Action. Part I. Diastase. By D. Narayanamurti. II. The Nature of Amylase. II. By D. Narayanamurti ...	63
Part VIII.—I. Action of Sulphur Monochloride on Mercaptans. Part II. Formation of Organic Trisulphides and Hexasulphides. By P. P. Patel, I. Sengupta and G. C. Chakravarti. II. Action of Sulphur Monochloride on Mercaptans. Part III. Oxidation of Sulphur Monochloride on Mercaptans. Part III. Oxidation of Sulphur Monochloride on Mercaptans. By P. P. Patel and G. C. Chakravarti ...	73
Part IX.—I. Power Alcohol and Paper from Rice Straw. By D. D. Deshpande. II. Estimation of Pentoses and Pentosans by Different Methods. By D. D. Deshpande ...	93
Part X.—Contributions to the Study of Spike-Disease of Sandal ( <i>Santalum Album</i> , Linn.). Part XI. New Methods of Disease Transmission and their Significance. By M. Sreenivasaya.	113

Part XI.—I. The Physical Properties of Pure Triglycerides. By R. B. Joglekar and H. E. Watson. II. The Preparation and Properties of $\alpha$ -Monoglycerides. By R. S. Rewadikar and H. E. Watson. III. The Solidifying Points of Binary Mixtures of Fatty Acids and Esters. By L. A. Bhatt and H. E. Watson (with Z. H. Patel) ... ..	119
Part XII.—I. The Spike-Disease of <i>Dodonaea Viscosa</i> . By B. N. Sastri and N. Narayana. II. Studies in the Proteins of Indian Food-stuffs. Part III. The Globulins of Bengal Gram ( <i>Cicer Arietinum</i> , Linn.) and Horse Gram ( <i>Dolichos Biflorus</i> ). By Nuggihalli Narayana ... ..	147
Part XIII.—Amylase from Wheat. By Dattatreya Vishnu Karmarkar and Vinayak Narayan Patwardhan ... ..	159
Part XIV.—Biological Oxidation of Sulphur. Part IV. Influence on Ammonification and Nitrification in Activated Sludge. By C. V. Ramaswami Ayyar ... ..	165
Part XV.—I. Biochemistry of Tan-liquor Fermentation. By P. D. Dalvi. II. Note on the Estimation of Tannic and Gallic Acids. By P. D. Dalvi ... ..	173
