

**Journal of the Indian Institute of Science
Bangalore 560 012, India**

Volume 71

January- February 1991

Number 1

CONTENTS

Biochemistry

- Ajith V. Kamath and
C. S. Vaidyanathan Biodegradation of indoles 1

Pollen Analysis

- C. G. K. Ramanujam and
F. Khatija Melittopalynology of the agricultural tracts 25
in Guntur District, Andhra Pradesh

Inorganic Chemistry

- Manju Parihar, Rajeev Goyal,
Vikal Gupta, Baldeo Ram Patel
and R. K. Mehta Synthesis and structural investigation on 35
tridentate ligands possessing oxygen and
nitrogen donor atoms

Short Communications

Taxonomy

- K. Venkataraman First record of male *Daphnia cephalata* King 43
(Cladocera: Crustacea) from Oriental region

Inorganic Chemistry

- D. K. Padma Synthesis of graphite hydrofluoride by hydro- 47
fluorination of graphite at room temperature

- IISc Theses Abstracts** 53

- Book Reviews** 91
