

**Journal of the Indian Institute of Science
Bangalore 560 012, India**

Volume 77

November–December 1997

Number 6

Special Issue on Power Electronics at IISc – 2

Contents

Preface		503
B. Majumdar, P. Mukherjee and S. K. Biswas	A new gate drive circuit for safe switching of MOS Controlled Thyristor (MCT)	505
A. Joshi and Ruchi Malhotra	Simulation of a fuzzy logic controller for DC/DC converter and its equivalent gains for PI controller	517
Prem Kumar Kalra	An evaluation of control schemes for a hvdc system feeding into a weak ac system	535
P. Mukherjee, B. Majumdar, S. K. Biswas and B. Basak	A new sine wave inverter suitable for UPS application	555
Bhim Singh	Active power line conditioners for power quality improvement – A prospective	565
K. K. Mahapatra, Arindam Ghosh and S. R. Doradla	Improved active harmonic current compensation of power-electronic load using resonant dc link inverter	585
Book Reviews		597
