

Journal of the Indian Institute of Science
Bangalore 560 012, India

Volume 79

March-April 1999

Number 2

Special Issue on Digital Signal Processing and Communications-1

Contents

Preface		61
Contents		63
Narasimha Kaulgud and U. B. Desai	Robust multichannel image restoration using Markov random field	65
Swagata Nandi and Debasis Kundu	Least squares estimation in a stationary random field	75
IS & Ind: S. Md. Mansoor Roomi, V. Jude Prakash, S. Karthikeyan and K. Ravi Shankar	A contrast enhancement technique based on visual significance	89
V. Selvaraj, K. R. Ramakrishnan and S. H. Srinivasan	Rate control of a JPEG compression system	99
C. A. Subramanian and K. R. Ramakrishnan	Image compression using M-adic wavelets	113
S. Jayasimha	Projection on convex sets approach to design of near-equiripple NPR banks	125
IISc Theses Abstracts		133
Book Reviews		165
