

**Journal of the Indian Institute of Science
Bangalore 560 012, India**

Volume 79

November–December 1999

Number 6

Special Issues on Biotechnology–Materials Interface–1, 2 & 3

3. Biofouling and biocorrosion

Contents

Preface	Biotechnology–Materials Interface	479
Contents		483
R. B. Srivastava	Recent research in microbial fouling and corrosion	485
K. V. K. Nair	Marine biofouling and its control with particular reference to condenser-cooling circuits of power plants—An overview	497
P. Sriyutha Murthy, V. P. Venugopalan, K. V. K. Nair and T. Subramoniam	Chemical cues inducing settlement and metamorphosis in the fouling oyster <i>Crassostrea madrasensis</i>	513
R. P. George, P. Muraleedharan, T. S. Rao and H. S. Khatak	Microbiologically influenced tuberculation of carbon steel	527
Indraneel Majumdar, Fraddy D'souza and Narayan B. Bhosle	Microbial exopolysaccharides: Effect on corrosion and partial chemical characterization	539
IISc Theses Abstracts		551
Book Reviews		585
