

**Journal of the Indian Institute of Science
Bangalore 560 012, India**

Volume 70

November–December 1990

Number 6

CONTENTS

Immunology

- Ashim K. Chakravarty and Uday K. Maitra Polyclonally stimulated murine T cells in control of fibrosarcoma *in situ* 503

Polymer Chemistry

- S. P. Patel, R. G. Patel and V. S. Patel Curing kinetics of epoxy resin using quaternary ammonium guar gums as catalyst 517

Phytochemistry

- Suraj B. Kalidhar Location of alkoxylation sites in naturally occurring xanthenes 525

Short communication

Drug Design

- B. S. Sudhindra and K. Ekambareswara Rao Ibuprofen binds to DNA 531

- IISc Theses Abstracts** 537

- Book Reviews** 569
